Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### Date of issue: 24/04/2024

Version: 3.1

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. **Product identifier**

| rm | : | Μ |
|----|---|---|
|    |   |   |

Product Name Product Code

Product Fo

- /lixture
- : AffiniPure<sup>™</sup> Goat Anti-Rat IgG + IgM (H+L)

: 112-005-044

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

#### 1.2.1. **Relevant identified uses**

Use of the substance/mixture

: For in vitro research use only. Not for diagnostic or therapeutic use. This is not a medical device. Contact supplier for specific applications.

#### Uses advised against 1.2.2.

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

## Manufacturer

Jackson ImmunoResearch Laboratories, Inc. 872 West Baltimore Pike West Grove, PA 19390 T: 800-367-5296, 610-869-4024 F: 610-869-0171 tech@jacksonimmuno.com www.jacksonimmuno.com

SECTION 5: Firefighting measures         Suitable extinguishing media         Suitable extinguishing media         : Do not use a heavy water stream. Use of heavy stream of water may spread fire.         S.2.       Special hazards arising from the substance or mixture         Fire hazard       : Product is not flammable.         Explosion hazard       : Product is not explosive.   | Symptoms/effects after skin contact   | : Prolonged exposu           | e may caus   | e skin irritation.   |  |  |
| Chronic symptoms       : None expected under normal conditions of use. <b>4.3.</b> Indication of any immediate medical attention and special treatment needed         f exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.         SECTION 5: Firefighting measures <b>5.1.</b> Extinguishing media         Suitable extinguishing media         : Water spray, fog, carbon dioxide (CO <sub>2</sub> ), alcohol-resistant foam, or dry chemical.         Use extinguishing media         : Do not use a heavy water stream. Use of heavy stream of water may spread fire. <b>5.2.</b> Special hazards arising from the substance or mixture         Fire hazard       : Product is not flammable.         Explosion hazard       : Product is not explosive.  | Symptoms/effects after eye contact    | : May cause slight i         | rritation to   | eyes.  |  |  |
| A.3. Indication of any immediate medical attention and special treatment needed         f exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         : Water spray, fog, carbon dioxide (CO <sub>2</sub> ), alcohol-resistant foam, or dry chemical.         Use extinguishing media         : Do not use a heavy water stream. Use of heavy stream of water may spread fire.         5.2. Special hazards arising from the substance or mixture         Fire hazard       : Product is not flammable.         Explosion hazard       : Product is not explosive.  | Symptoms/effects after ingestion      | : Ingestion may cau          | : Ingestion may cause adverse effects. May be harmful if swallowed.            |  |  |  |
| f exposed or concerned, get medical advice and attention. If medical advice is needed, have product container or label at hand.<br>SECTION 5: Firefighting measures<br>5.1. Extinguishing media<br>Suitable extinguishing media : Water spray, fog, carbon dioxide (CO <sub>2</sub> ), alcohol-resistant foam, or dry chemical.<br>Unsuitable extinguishing media : Do not use a heavy water stream. Use of heavy stream of water may spread fire.<br>5.2. Reactivity : Hazardous reactions will not occur under normal conditions. Hazardous decomposition products in : Phosphorous oxides. Sodium oxides. Hydrogen chloride gas.

# case of fire5.3. Advice for firefightersPrecautionary measures fire: Exercise caution when fighting any chemical fire.Firefighting instructions: Use water spray or fog for cooling exposed containers.Protection during firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.

## SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| Gener  | ral measures                | : Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray).  |
|--------|-----------------------------|--|
| 6.1.1. | For non-emergency personnel |  |
| Prote  | ctive equipment             | : Use appropriate personal protective equipment (PPE).   |
| Emer   | gency procedures            | : Evacuate unnecessary personnel.  |
| 6.1.2. | For emergency responders    |  |
| Prote  | ctive equipment             | : Equip cleanup crew with proper protection.   |
| Emer   | gency procedures            | : Upon arrival at the scene, a first responder is expected to recognize the presence<br>of dangerous goods, protect oneself and the public, secure the area, and call for<br>the assistance of trained personnel as soon as conditions permit. Ventilate area. |
| 6.2.   | Environmental precautions   |  |
|        |                             | : Prevent entry to sewers and public waters.   |
| 6.3.   | Methods and material for c  | ontainment and cleaning up   |
| For co | ontainment                  | : Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.   |
| Meth   | ods for cleaning up         | : Clean up spills immediately and dispose of waste safely. Transfer spilled material to a suitable container for disposal. Contact competent authorities after a spill.  |
| 6.4.   | Reference to other sections |  |

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

| SECTION 7: Handling and         | storage  |
|---------------------------------|--|
| 7.1. Precautions for safe hand  | ling   |
| Precautions for safe handling   | : Wash hands and other exposed areas with mild soap and water before eating,<br>drinking or smoking and when leaving work. Avoid prolonged contact with eyes,<br>skin and clothing. Avoid breathing vapors, mist, spray.           |
| Hygiene measures                | : Handle in accordance with good industrial hygiene and safety procedures.   |
| 7.2. Conditions for safe storag | e, including any incompatibilities   |
| Technical measures              | : Comply with applicable regulations.  |
| Storage conditions              | <ul> <li>Keep container closed when not in use. Store at 2-8°C (35.6°F - 46.4°F) under sterile<br/>conditions. Keep/Store away from direct sunlight, extremely high or low<br/>temperatures and incompatible materials.</li> </ul> |
| Incompatible materials          | : Strong acids, strong bases, strong oxidizers.  |

## 7.3. Specific end use(s)

For in vitro research use only. Not for diagnostic or therapeutic use. This is not a medical device. Contact supplier for specific applications.

## SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| Sodium chloride (7647-14-5) |                           |                     |  |
|-----------------------------|---------------------------|---------------------|--|
| Latvia                      | OEL TWA (mg/m³)           | 5 mg/m <sup>3</sup> |  |
| Lithuania                   | IPRV (mg/m <sup>3</sup> ) | 5 mg/m <sup>3</sup> |  |

## 8.2. Exposure controls

Appropriate engineering controls

: Suitable eye/body wash equipment should be available in the vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed.

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Personal protective equipment

Materials for protective clothing

: Gloves. Protective clothing. Protective goggles.

- : Chemically resistant materials and fabrics.
  - : Wear protective gloves.
  - : Chemical safety goggles.
  - : Wear suitable protective clothing.
  - : If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear approved respiratory protection.

Other information

Hand protection

Eye and Face Protection

Respiratory protection

Skin and body protection

## : When using, do not eat, drink or smoke. SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

| 5.1. Information on basic physical and chemi | cai | properties          |
|--|-----|---------------------|
| Physical state                               | :   | Liquid              |
| Colour                                       | :   | Colorless liquid    |
| Odour  | :   | Odourless, as water |
| Odour threshold                              | :   | No data available   |
| рН   | :   | 7.6                 |
| Evaporation rate                             | :   | No data available   |

| Freezing point                               | :   | No data available   |
| Boiling point                                | :   | No data available   |
| Flash point                                  | :   | No data available   |
| Auto-ignition temperature                    | :   | No data available   |
| Decomposition temperature                    | :   | No data available   |
| Flammability (solid, gas)                    | :   | No data available   |
| Vapour pressure                              | :   | No data available   |
| Relative vapour density at 20 °C             | :   | No data available   |
| Relative density                             | :   | No data available   |
| Solubility                                   | :   | Water               |
| Partition coefficient: n-octanol/water       | :   | No data available   |
| Viscosity                                    | :   | No data available   |
| Explosive properties                         | :   | No data available   |
| Oxidising properties                         | :   | No data available   |
| Explosive limits                             | :   | No data available   |
| 0.2 Other information                        |     |                     |

#### 9.2. Other information

No additional information available

## SECTION 10: Stability and reactivity

#### Reactivity 10.1.

Hazardous reactions will not occur under normal conditions.

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

## 10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

#### **10.3.** Possibility of hazardous reactions

Hazardous polymerization will not occur.

#### 10.4. Conditions to avoid

Extremely high temperatures, and incompatible materials.

#### **10.5.** Incompatible materials

Strong acids, strong bases, strong oxidizers.

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Thermal decomposition may produce: Phosphorus oxides. Sodium oxides. Hydrogen chloride gas.

#### 14.6. Special precautions for user

No additional information available

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### 14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Not applicable

## SECTION 15: Regulatory information

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1. EU-Regulations

#### Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

#### Sodium phosphate dibasic (7558-79-4)

Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances)

Sodium chloride (7647-14-5)

Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances)

#### 15.1.2. National regulations

No additional information available

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

| SECTION 16: Other information          |   |  |
|--|---|--|
| Date of Preparation or Latest Revision | : 24/04/2024  |  |
| Data sources                           | : Information and data obtained and used in the authoring of this safety data sheet<br>could come from database subscriptions, official government regulatory body<br>websites, product/ingredient manufacturer or supplier specific information,<br>and/or resources that include substance specific data and classifications<br>according to GHS or their subsequent adoption of GHS. |  |
| Other information                      | : According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830  |  |

## Indication of Changes No additional information available
